Commission.

FTING OF NOTE  
RUPTURING PEACE

Begun by the Balkan  
Allies Early This  
Morning.

L BE COMPLETED  
EFORE NIGHTFALL.

Its Work Will be Sub-  
mitted to the Balkan  
Delegations.

tion by Delegates Will  
lay Delivery of Note  
Until Wednesday.

lon, Jan. 27.—The drafting of  
the rupturing peace negotia-  
as begun this morning by the

committee of delegates en-  
with this important work  
ed of Michael Madjaroff, Bul-  
minister in London; Profes-  
orgios Streit, Greek minister  
ria-Hungary; Dr. M. R. Ves-  
Serbian minister to France;  
unt Vornovitch, chief of the  
of King Nicholas of Monte-  
with M. Politis of the Greek  
as an adviser on ques-  
international law.

committee expected to com-  
note before nightfall and  
its work to a plenary sitting  
Bulgarian, Greek, Monte-  
and Serbian delegations.

ever, even if the Balkan al-  
re anxious to resume hostil-  
which it is currently reported  
is not anxious to do, at least  
must elapse before the guns  
begin to roar.

If the draft of the note is  
red tonight, its revision by  
negotiations will take some time  
final draft could not be pre-  
the Turkish delegation and  
Edward Grey as honorary  
it of the peace conference be-  
Wednesday.

is understood the note will  
e Turkish delegation three  
which to answer, the expira-  
that period would occur on  
so that the Turkish reply  
not be delivered until Monday

the allied delegations will  
notify their respective gov-  
ts and ask Sir Edward Grey  
oke a final sitting of the con-  
for the official rupture of  
negotiations and also in order to  
the British government for  
finality.

will take at least three days,  
it February 6.  
the governments at Sofia,  
le and Cetinje must de-  
the armistice. Working  
ceptional celerity, this could  
e the next day, and hostilities  
be resumed on February  
owing the expiration of the  
ys' notice requirement. In  
meanwhile the fortress of  
ople may fall, and this is ex-  
to become the automatic  
of the problem.

Turkish delegates remarked  
ring that the Balkan allies  
easily tempered their original  
They now seem, according  
Turks, to trust the outbreak  
counter-revolution in Const-  
forgetting that even should

wrongly against the cession of  
ople.

an Nizam Pasha, the leader  
Turkish delegation, remarked  
with a peculiar smile:  
laughs beat who laughs last."

## GOVERNOR ASKS FOR INFORMATION.

Columbus, O., Jan. 27.—For the  
purpose of gathering data to aid  
him in his proposed plan of making  
regulatory departments of the state  
self-sustaining, Governor James M.  
Cox today requested several state of-  
ficials to furnish him information  
concerning the cost of maintenance.  
The governor plans to have a bill in-  
troduced in the legislature which  
will serve to make each regulatory  
department collect sufficient revenue  
to cover the cost of its maintenance.

## McKIBBEN STREET BADLY TORN UP.

City Authorities Will Request C. H.  
& D. Company to Restore Street  
to Its Normal Condition.

The C. H. & D. Railway company  
will be asked by the city authorities  
to repair the paving on east McKib-  
ben street, which was badly torn up  
by wagons loaded with heavy freight  
for the local machine shops of the  
company. New machinery is being  
installed at the shops, and in deliv-  
ering it from the freight station to  
the shops, the wagons were over-  
loaded, it is claimed.

Complaint was made to Mayor  
Shook this morning by property  
owners on east McKibben street,  
and he promised them to take official  
action. The company will be re-  
quested to repair the damage and re-  
store the street to its former condi-  
tion.

## FOURTH DAY FOR COREY

Former President of United  
State Steel Cor-  
poration

GIVES TESTIMONY  
BEFORE COMMITTEE

Concerning Differences Be-  
fore Retirement With  
E. H. Gary.

New York, Jan. 27.—William El-  
lis Corey, former president of the  
United States Steel Corporation, be-  
gan his fourth day of testimony to-  
day at the hearing in the govern-  
ment's suit to dissolve the company  
under the anti-trust law. Redirect  
examination was taken up by Judge  
Jacob M. Dickinson, attorney for  
the government, who questioned the  
witness concerning his differences  
before his retirement with E. H.  
Gary, chairman of the board of di-  
rectors.

"Are you peculiarly interested  
in the United States Steel Corpora-  
tion?" he was asked.

"One-fourth of my fortune is in  
the securities of the steel corpora-  
tion," replied Mr. Corey.

"Are your personal feelings favor-  
able or unfavorable to the success  
of this suit?"

"I am naturally favorable to the  
steel corporation," Mr. Corey said.  
"I am opposed to the government in  
this case."

Mr. Corey reiterated that the ob-  
ject of the Gary dinners was to  
maintain prices. Questioned about  
the efforts of some manufacturers to  
raise the price of rails from \$28 a  
ton, Mr. Corey would not say that  
the steel corporation prevented the  
advance.

## HEART STOPPED; MAN STILL LIVES.

Washington, Jan. 27.—Although  
his heart had apparently ceased to  
beat, William Lane, a lumberman  
late from Galesburg, Wis., today  
was able to sit up in a local hospital  
and relate how he had blown out the  
gas in a down-town hotel. When an  
ambulance was summoned yesterday  
to the hotel the surgeons pronounced  
the man dead but more as a matter  
of form than with any hope of re-  
susitating him they called the pul-  
motor into use on the rapid run to  
the hospital. After a vigorous use  
of the machine Lane's pulse was  
found to be beating feebly.  
Throughout the night the doctors  
worked over the man and today he  
is believed to be out of danger.

## COMMUTED SENTENCE.

Washington, Jan. 27.—President  
Taft today commuted to 18 months  
the sentence of six years imprison-  
ment on William Adler, a New Or-  
leans banker, convicted of misap-  
plication of funds of a national bank.  
Adler has served about one year.

## INCREASE IN PAY TO BE DEMANDED.

Montreal, Que., Jan. 27.—In-  
creases of ten per cent in the wages  
of conductors, trainmen and engi-  
neers, with improvements in work-  
ing conditions, are to be demanded  
from all the railroads in eastern  
Canada. Delegates from the various  
unions were in Montreal today for a  
conference.

## BLAMES MEN NOT WOMEN

For Existence of the Organ-  
ized Commercial So-  
cial Evil.

"RUN FOR PROFIT-  
PROFIT IS LARGE"

Is the Way John D. Rocke-  
feller, Jr., Expresses  
His Views.

New York, Jan. 27.—Man, not  
woman is responsible for the organ-  
ized commercial social evil in this  
country, in the opinion of John D.  
Rockefeller, Jr. It is a man's busi-  
ness "run for profit and the profit  
is large."

These views are expressed in a  
statement made public by Mr. Rocke-  
feller today, giving further details  
of the aims of the bureau of social  
hygiene through which Mr. Rocke-  
feller and other philanthropists  
hope to attack and alleviate condi-  
tions which he considers the "great-  
est single menace to the perpetuation  
of the human race."

"The idea of establishing a per-  
manent organization to cope with  
the social evil in this city," says the  
statement, "was the outgrowth of  
my service of six months as foreman  
of the white slave grand jury, ap-  
pointed in New York City at the be-  
ginning of 1910. I came at that  
time to realize the extent and hor-  
ror of the evil and to believe that it  
constitutes one of the great and vital  
world problems of the day. In the  
judgment of eminent medical men,  
it forms from the point of view of  
disease the greatest single menace  
to the perpetuation of the human  
race. Therefore, as a result of con-  
ferences with many people, the bu-  
reau of social hygiene was estab-  
lished."

"Under the direction of the bu-  
reau, George J. Kneeland who con-  
ducted the investigation carried on  
by the Chicago vice commission, has  
made a comprehensive study of vice  
conditions in this city; and Abraham  
Flexner has spent nearly a year  
abroad, investigating the methods of  
dealing with this problem in the  
leading cities of Europe. He will  
make further studies in a number of  
cities in this country."

"As each of these studies is com-  
plete, it will be published and until  
this is done the bureau deems it un-  
wise and premature to express any  
conclusions as to a method of deal-  
ing with social evils in this city."

As to whether the unfortunate  
woman is a victim or a contributor  
to her own vicious career, Mr. Rocke-  
feller says:

"I say unhesitatingly that in the  
vast majority of cases she is a vic-  
tim. Prostitution as now conducted  
in this country and in Europe is very  
largely a man's business. Women  
are merely tools in the hands of the  
stronger sex. It is a business run  
for profit and the profit is large. It  
is my belief that less than 25 per  
cent of the prostitutes in this coun-  
try would have fallen if they had an  
equally good chance to lead a pure  
life. That they have been dragged  
into the mire in such large numbers  
is due to a variety of circumstances  
among which are poverty, improper  
home conditions and lack of train-  
ing, the desire to gratify the natural  
craving for amusement, pretty  
things, etc; but while all of these  
and many others may be contributing  
causes, man is chiefly responsible for  
their fall."

"Thus far the work of the bureau  
has been financed by its members  
and a few interested friends and this  
will continue to be the case until a  
larger and more formal organization  
is considered advisable. To its fu-  
ture financial policy it is not now  
necessary to give attention. As its  
needs grow there are numbers of  
men and women in this city, who I  
am confident, stand ready to join in  
meeting them."

"While the bureau expects to  
publish all of its important studies,  
it is obvious that its preliminary  
work can best be done without pub-  
licity."

"The bureau holds itself ready to  
enter any field of investigation  
which seems likely to contribute to  
the main purpose for which it has  
been established."

## FILED NOTICE OF OPPOSITION.

Washington, Jan. 27.—The gov-  
ernment filed with the supreme court  
today notice of opposition to the  
plea of the hard coal roads for mod-  
ification of the decree holding the so-  
called 65 per cent contracts illegal.  
Only one contract—that between the  
Pennsylvania Coal company and the  
Sik Hill Coal and Iron company—is  
the government willing to have ex-  
cepted.

## COMMITTED SUICIDE WITH CARBOLIC ACID

Martins Ferry, O., Jan. 27.—Sig-  
Wolf, aged 45, one of the most suc-  
cessful business men here, is dead,  
having committed suicide last night  
by drinking carbolie acid. No moti-  
ve is known except that he has  
been ill for a week.

## WANT ANOTHER HOLIDAY IN OHIO.

Columbus, O., Jan. 27.—Urging  
that February 12, Lincoln's birth-  
day, be made a legal holiday in Ohio,  
more than a hundred Cleveland  
voters, headed by C. H. Bender, of  
that city, today petitioned Governor  
Cox urging official action to that  
end. The petition will be referred  
to the legislature.

## BOARD OF PRISON REFORM IN SESSION.

Columbus, O., Jan. 27.—The mem-  
bers of the board of prison reform,  
recently appointed by Governor Cox,  
will meet at the governor's office to-  
day and organize. The board will  
investigate conditions at all of the  
state institutions and report to the  
governor.

## CONNIE MACK'S JOB SIGNS WITH RALEIGH

Raleigh, N. C., Jan. 27.—Earl  
Mack, son of Connie Mack, manager  
of the Philadelphia Athletics, signed  
a contract here today to lead the  
Raleigh team in the North Carolina  
league. It will be his first manager-  
ial experience.

## WON'T FALL ON GODFREY

Political Ax Will Not Cut  
Off Head of Township  
Inspector.

ORDERED TO REPORT  
AT COLUMBUS TODAY

Mr. Godfrey Has Seen Term  
of Long and Efficient  
Service.

Ex-State Senator Calvin P. God-  
frey, of Ottawa, who formerly rep-  
resented the Thirty-Third district in  
the general assembly at Columbus,  
changed cars in Lima this morning,  
taking the Columbus limited over  
the Ohio Electric, for the capital  
city. Mr. Godfrey has been for  
the past five years one of the in-  
spectors of townships and school dis-  
tricts, working under the direction  
of the State Bureau of Accounting  
of Public Officers.

With the advent of State Auditor  
A. V. Donahay into office, it was  
feared by some that Mr. Godfrey  
might feel the effect of the political  
hatchet, but a telegram to his home  
in Ottawa yesterday, ordered him to  
report for duty in Columbus this  
morning.

Although a staunch republican,  
Mr. Godfrey is especially efficient  
and as Mr. Donahay expects to re-  
tain in office those men who are  
capable, Mr. Godfrey will probably  
keep in his old place. He works  
directly under W. R. Nevins of Bel-  
lotaune, who is the department  
head for townships and school dis-  
tricts.

## TOOK A SHOT AT PROGRESSIVES.

Nashville, Tenn., Jan. 27.—Benja-  
min W. Hooper, the second republi-  
can, who has held the governor's of-  
fice since reconstruction days, was  
inaugurated for his second term to-  
day.

In his address the governor said  
in part:

Every progressive movement ever  
undertaken in behalf of the masses  
has suffered from the interference  
of self-seeking demagogues, when its  
strength became great or its suc-  
cess apparent. Such has been the  
case with the present progressive  
movement in this country. It has  
generated radicalism.

"Men who were not heard from  
when Robert LaFollette was making  
Wisconsin the model of American  
statehood seized upon his ideas of  
restoring the government to the peo-  
ple and went forth in their advocacy  
while the trusts footed the bills of  
the campaign."

## WILL DISCUSS THE COMPENSATION BILL

Columbus, O., Jan. 27.—James  
Harrington Boyd, of Toledo, who  
was one of the members of the com-  
mission appointed by Governor Har-  
mon to frame the workmen's com-  
pensation law now on the stat-  
ute books, was in conference with  
members of the legislature today,  
and tonight will speak before the  
joint labor committee at a public  
hearing to be held in the senate  
chamber to discuss the compulsory  
workmen's compensation bill  
which has been introduced.

## PENNSYLVANIA OIL ADVANCED IN PRICE

Pittsburg, Pa., Jan. 27.—The  
South Penn Oil company this morn-  
ing announced an advance of seven  
cents a barrel in the purchasing  
price of the principal grades of  
crude oil, making Pennsylvania  
crude \$2.12; Mercer Black \$1.58;  
New Castle \$1.55; Corning \$1.58;  
Cabell \$1.72; Somerset \$1.25;  
Ragland 68 cents.

## AUTOMOBILE FOR WARFARE

Russia Awakens to Utility  
of Such Means of  
Transportation.

WANTS FACTORY  
BUILT IN RUSSIA.

School Opened for Training  
Army Officers in the  
Use of Machine.

St. Petersburg, Jan. 27.—  
Russia has suddenly awakened  
to the utility of the automobile  
in war. With the darkening of  
the clouds in the Balkans, gov-  
ernment agents have sounded  
American and other interests as  
to the possibility of establish-  
ing a factory in Russia on the  
basis of guaranteed annual or-  
ders for freight and passenger  
cars and the taking over of the  
factory by the Russian govern-  
ment at its valuation in case of  
war.

Today it became known that  
Russian government agents  
have been sent to European  
automobile centers with large  
emergency credits for the pur-  
chase of any available automo-  
biles for military purposes.  
The opening here of a school  
for training Russian army of-  
ficers in handling war automo-  
biles is a further indication of  
the interest taken in the matter.

## JURY MADE UP OF FARMERS

Has Been Chosen to Try the  
Case of Senator  
Crawford

ACCUSED OF HAVING  
SOLICITED BRIBE

In Connection With Certain  
Trading Stamp Leg-  
islation.

Columbus, O., Jan. 27.—A jury  
of farmers will probably try former  
State Senator Edward T. Crawford  
of Carroll county, who was placed on  
trial in the criminal court of Frank-  
lin county this morning charged  
with soliciting a bribe of \$200 from  
W. H. Cook of Springfield in con-  
nection with certain trading stamp leg-  
islation in which Crawford and Cook  
were interested.

The first twelve jurors to be  
placed in the box were all farmers  
with two exceptions. The jurors  
who will take the place of those  
challenged from this panel are all  
farmers.

## What He is Charged With.

Columbus, O., Jan. 27.—State  
Senator Crawford of Carroll county  
solicited \$200 from W. H. Cook,  
Springfield, secretary of the Ohio  
Retail Grocers' Association, for the  
purpose of employing former State  
Senator John E. Tidd of Columbus  
to deliver an opinion as to the con-  
stitutionality of certain trading  
stamp legislation, was the statement  
of Prosecuting Attorney Turner, to-  
day in his explanation of the Craw-  
ford bribery case to prospective jurors  
in the criminal court. This is  
the first intimation of the real nature  
of the charge against Senator Craw-  
ford that has been made.

## Proceedings Are Dismissed.

Columbus, O., Jan. 27.—Because  
of a variance between the charge in  
the indictment and the evidence in-  
troduced, Judge C. M. Rogers of the  
criminal court, this afternoon dis-  
missed the bribery proceedings be-  
gun Monday morning against former  
State Senator Edgar T. Crawford of  
Carroll county, who was charged  
with soliciting \$200.00 from W. H.  
Cook of Springfield, in connection  
with Senate Bill No. 160, relating  
to trading stamps.

The indictment charged that the  
solicitation was a connection with sub-  
stitute bill No. 160 and the first evi-  
dence offered by the state, Monday  
morning, in the person of W. V.  
Goshorn, clerk of the senate, was in  
relation to original bill No. 160. The  
original bill was introduced by Sen-  
ator Crawford himself and was with-  
drawn and his substitute bill offered.  
Because of the difference between  
the two bills and the fact that the  
charge was made under one bill and  
proof offered under the other, Judge  
Rogers dismissed the proceedings.  
The state probably will re-indict the  
Carroll county legislator.

## FELL FROM TRAIN; FOUND A HOME.

Strong City, Kas., Jan. 27.—Harry  
O'Brien, a 14 year old orphan from  
St. Louis fell from the blind baggage  
of a train running 30 miles an hour  
Saturday night, and incidentally into  
a home where he will be cherished  
and loved.

Charles Beach, city marshal, pick-  
ed O'Brien up, bruised and bleeding  
and took him to his house to give  
him care. So attached did Marshal  
Beach and his wife become to the  
boy that they decided to keep him  
and announced today that they prob-  
ably would adopt him.

## HEIKE MUST PAY AND SERVE TIME.

Washington, Jan. 27.—Charles  
R. Heike, former secretary of the  
American Sugar Refining company  
has no immunity from prosecution  
for his knowledge of the "sugar  
weighing frauds" against the gov-  
ernment, because he testified before  
the grand jury regarding them. The  
supreme court so held today.

The court held that Heike must  
serve his eight months' imprison-  
ment and pay his \$5,000 fine.

## THEY TOOK NO CHANCES

House of Commons Was  
Surrounded by Po-  
licemen.

BRITISH LAWMAKERS  
WANTED PROTECTION

Against Band of Suffra-  
gists Who Might Break  
the Peace.

London, Jan. 27.—The British  
cabinet today decided to drop the  
franchise bill. This decision was in  
deference to the speaker's ruling  
that the form and substance of the  
measure would be so materially al-  
tered by the amendment granting  
the vote to women, that it ought to  
be presented in the shape of a new  
bill.

After the speaker's ruling it was  
only a question whether the cabinet  
would announce its capitulation be-  
fore or after the vote had been  
taken on Sir Edward Grey's amend-  
ment. The amendment called for  
the omission of the word "male" and  
thus practically introduced adult  
suffrage. At the opening of today's  
session, Premier Asquith asked the  
speaker to state again in more defi-  
nite form that if any of the women's  
amendments were carried, the bill  
would become substantially a new  
bill and would have to be withdrawn.  
This done Mr. Asquith announced  
that the cabinet would not prolong  
the discussion under the circum-  
stances but would drop the bill.  
The government, he added, would at  
its own time and within the lifetime  
of the present parliament proceed  
with bills dealing with electoral re-  
form and plural voting.

The precincts of the house of  
commons presented many of the fea-  
tures of a well-defended camp-  
ment when the house met this after-  
noon to bring to a conclusion the  
current chapter of the work for the  
enfranchisement of women.

Mounted and foot police were to  
be seen everywhere in great  
strength. Two thousand patrolmen  
and 100 mounted men were actually  
on duty, while large reserves were  
hidden in convenient court yards in  
the vicinity of parliament ready to  
pounce on any suffragettes who  
should attempt to break the peace.  
Besides this the leave of all the po-  
licemen belonging to the metro-  
politan force has been stopped.

## PARIS SHOCKED BY TERRIFIC EXPLOSION

Paris, Jan. 27.—A terrific explo-  
sion of dynamite early today shook  
houses for a mile or more around  
the Church of St. Sulpice in the  
southern part of Paris. A great fire  
was opened in the Rue Desvres  
and the electric surface lines there  
were destroyed but nobody was se-  
riously injured so far as has been re-  
ported.

The explosive is believed by the  
police to have been taken from the  
construction works of the new sub-  
way by some workmen who were re-  
cently discharged.

## WAITERS' STRIKE IS ABOUT OVER.

New York, Jan. 27.—From ap-  
pearances at the big hotels today  
the strike of the waiters is off.  
Many of the former employees re-  
ported for work this morning and  
some were given their old places.  
Many, however, found their places  
filled. Those who returned to work  
today agreed to accept partial con-  
cessions offered by employers. A  
few of the strikers are still holding  
out and some of the smaller hotels  
are surrounded by pickets.

## DOWNWARD REVISION OF WOOL TARIFF

Democratic Plans for This  
Schedule Are Under  
Discussion Today.

AD VALOREM DUTY  
SIXTY PER CENT

Under the Terms of the  
Present Law Impos-  
ing Tariff.

FORTHCOMING LAW  
TO MAKE REDUCTION

Tentative Measure Imposes  
Tax of 20 Per Cent  
on Raw Wool.

Practically the Same Meas-  
ure That Was Passed  
Last Summer.

Washington, Jan. 27.—Democratic  
plans for downward revision of the  
wool schedule of the tariff, one of  
the most complicated features to  
come before the extra session of  
congress, were under fire today be-  
fore the house committee on ways  
and means.

General expectation among house  
democrats is that the committee will  
report at the outset of the extra ses-  
sion virtually the same woolen  
schedule as was incorporated in the  
wool bill by that passed the house  
the first and second sessions of this  
congress, was amended in the senate  
last summer compromised in confer-  
ence and vetoed by President Taft.

The average ad valorem duty of the  
schedule in the present law is al-  
most 60 per cent. The democratic  
bill that serves as the tentative basis  
of the present consideration pro-  
vides very much lower duties. It  
would tax raw wool 20 per cent ad  
valorem, instead of the higher vary-  
ing rates on three classifications in  
the present law.

It would put an ad valorem duty  
of 20 per cent also on wool wastes  
and rags, 25 per cent on combed  
wool or tops, 30 per cent on yarns  
as well as blankets and the cheaper  
hannels for underwear, rates rang-  
ing from 35 to 50 per cent on  
clothing, knit fabrics, hannels not  
for underwear, women's dress goods,  
webbing, g-rings and articles not  
otherwise provided for.

As compromised in conference be-  
tween the two houses last August,  
the duty on raw wool was shifted  
from the proposed 20 per cent to  
29 per cent ad valorem, which  
President Taft in his second vet  
declared was insufficient to meet the  
difference in the cost of production  
of the low-priced wools here and  
abroad in the case of four-fifths of  
the total wool clip in this country.

His contention was that the mini-  
mum ad valorem should be 35 per  
cent and that the proposed lower  
rates would throw thousands of  
workmen out of employment. Dem-  
ocrats still contending that the pro-  
posed rates approach the best re-  
venue producing points and would en-  
courage production and consump-  
tion overrode the president's veto in  
the house but failed of the neces-  
sary two-thirds in the senate.

The witnesses today represented  
the National Association of wool  
manufacturers, growers, importers,  
clothing and independent manu-  
facturers.

Washington, Jan. 27.—Frank P.  
Bennett, of Boston, editor of the  
American Wool and Cotton Reporter  
argued for the re-enactment of the  
Wilson law of 1894 at the outset of  
today's hearing. This was a plea for  
entire removal of duties upon wool  
and a reduction of the duty upon  
woolen goods to fifty per cent. He  
said that would be in the interests  
of both the manufacturers and of  
the sheep husbandry in the United  
States and declared that the wool  
tariff distorted sheep husbandry by  
encouraging growers to keep un-  
profitable animals. The duty of 28  
cents a pound, now assessed upon  
scoured wool, had imposed a tax of  
nearly \$100,000,000 upon the  
American people, beside hampering  
manufacturers, the witness said.

mortally wounded and for which crime her husband is now held in prison without bond.

The following dispatch from Van Wert was received at noon today:

Van Wert, O., Jan. 27.—Word was received today that Mrs. Ralph Hoover, the girl-wife who was mysteriously shot at her farm home near here on the night of January 10, is dying in the Fort Wayne, Ind., hospital to which she was taken for an operation.

Prosecuting Attorney Clark Good immediately left for Fort Wayne to see if he could obtain a dying statement, substantiating the one which she is alleged to have made to her parents immediately after the shooting, incriminating her boy-husband.

The young husband is in jail here held without bond, as Judge Mathias today rescinded an order issued January 20, placing bail at \$2,000.

**Thirty-eight New Pharmacists Are Qualified to Practice.**

**NEARLY THAT MANY DID NOT QUALIFY.**

**Some Had Grades to Entitle Them to Assistant Certificates.**

Columbus, O., Jan. 27.—Of the 82 applicants for state pharmacist certificates, 38 passed the examination and 32 failed, according to announcement made today by the state board of pharmacy.

Among those who passed were: Harry Schafer, of Cincinnati; John J. Cryan, of Toledo; Owen Marmon, of Akron; J. R. Shetton, of Cincinnati; E. W. Zulantz, A. F. Sealover and Edward Wolfe, of Zanesville; J. M. Carroll, of east Liverpool; Arthur T. Fox, of Mansfield; E. H. Hechler, of Marietta, and Frank McNeely, Y. J. Jermak, J. G. McIntock, P. E. Henning, Thomas Reese, J. P. Spinner, Frederick Brannlich, E. W. Raba, J. R. Kolesny, W. J. Roski and F. F. Hudcock, of Cleveland.

The following made a grade high enough to entitle them to assistant pharmacist certificates:

John Varga and J. E. Than, of Cleveland; C. R. Busse and Fred Hemmersmith, of Cincinnati; Carl Ritter, of Dayton; W. S. Green, of Lima, and Hugh R. Burke, of Clarksville, W. Va.

Among those successful in the examination for assistants are: William Kule, Robert Wetterstrom, Maurice Solomon, A. C. Neal, all of Cincinnati, and the following, all of Cleveland:

Alma F. Herbkersman, Francis O. Henschen, J. S. Slife, G. W. Woodsworth, Sidney Hollander and Henry C. Bauer. Seven failed in the test to assistants' certificates.

## AN ABSCESS ON THE LUNG

**Caused the Death at the City Hospital of Otho Waggoner.**

**FOR SIX WEEKS HE HAD SUFFERED.**

**Funeral Services Will be Held Tomorrow. Interment in Woodlawn.**

At the Lima city hospital last evening about seven o'clock the death of Otho C. Waggoner occurred, following a long illness with a serious abscess on the lung. He was taken to the hospital some time ago in the hope that treatment there would benefit him, but it was without avail.

Otho C. Waggoner was the son of Mr. and Mrs. Charles Waggoner, and was born on the ninth day of November, 1869. Up until the time of his late illness the deceased was employed in the shops of the Lima Locomotive Corporation. For the past six weeks he has been suffering with this abscess which last evening caused his death.

He leaves to mourn his loss his aged mother, three sisters, Mrs. Haynes and Mrs. S. B. Blank, of Lima, and Mrs. D. G. Shaw, of Jacksonville, Florida; and two brothers, Messrs. Lester and Charles Waggoner, both of Lima. The funeral services have been arranged for two o'clock tomorrow afternoon at the First Christian church, with the Rev. Gilbert, the pastor of the church, officiating. The interment will be made in the Woodlawn cemetery.

# NEW SLEUTH BUSY SUNDAY

**Damaging Evidence Secured Against Four Saloon Keepers.**

**ALL PLEADED NOT GUILTY.**

**Charles Hullinger Unable to Give Bond and is in City Prison.**

Damaging evidence against four saloon keepers was secured by a special officer working in the city yesterday, and as a result four men were called before Mayor Shook this afternoon to answer to a charge of Sunday selling. The four against whom affidavits were filed were Charles Hullinger, bartender for John Delight, who runs the old Peter Kelper saloon at 306 south Main street, Charles Spyster, son of Milton Spyster, saloonist at 316 east Market, George Saxby, south Main street saloonist, and Patrick O'Connell, proprietor of a saloon and hotel on south Main street.

At three o'clock this afternoon, all of the accused except Patrick O'Connell had entered their appearance before the mayor and pleaded not guilty. O'Connell sent word that he would be on hand before the afternoon was over. Mayor Shook fixed the bond of each at \$100, pending the hearing in his court.

Hullinger faces a double charge of Sunday selling and keeping open on Sunday. He was the only one of the trio who was unable to give bond, and he languishes in a cell at police station. His employer, John Delight, notified the mayor that he would not be responsible for Hullinger's actions, as he had given him implicit instructions to keep the saloon closed on Sunday. He came here from Pennsylvania, where he said he was accustomed to obey the law regarding the sale of liquor and meant to adhere to the practice here.

Bon for young Spyster was furnished by his father, the proprietor of the saloon. The younger Spyster is employed at the Gramm Motor Works, an at police station this afternoon, maintained his innocence of the charge. He said he was not around the saloon yesterday, and did not sell liquor to any one.

George Saxby put up \$100 for his appearance when desired. He paid over to the mayor over \$200 in old fines last week for Sunday selling.

The special officer, who was unknown to the saloon men, made a round of the various places yesterday, and purchased whiskey at the four saloons, according to his story. The mayor's office resembled a liquor store this morning, as over a dozen bottles filled with the fiery fluid was on exhibition as evidence. Six bottles were secured at the Saxby place, according to the police.

Mayor Shook has not assigned the cases for hearing, but they will be disposed of within the next few days.

## NO MORE HANGING AT THE CAPITAL.

Washington, Jan. 27.—Electrocution instead of hanging would be the punishment for first degree murder in the District of Columbia, if a bill passed by the house today and already passed the senate, is signed by President Taft.

## Pimples Source of Great Danger

**May be Means of Absorbing Disease Germs in Most Unexpected Manner.**

**Bid Farewell to All Blood and Skin Diseases.**

The research laboratory of The Swift Specific Co. has collected a vast amount of information regarding the spread of blood diseases. In thousands of instances the most virulent types have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. may now be had at almost any drug store in the civilized world.

This preparation stands alone among specific remedies as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis and similar diseases resulting from the use of minerals than from disease germs direct. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease.

Get at a \$1.00 bottle of S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood.

## EXTENSION OF THE CITY FIRE LIMITS.

**Favored by Fire Chief and Safety Director, Who Will Recommend to Council.**

Fire Chief Mack and Safety Director Blank have the matter of extending the city fire limits under discussion, and a recommendation will probably be made to the city council by the safety director at its next meeting. Both the chief and the safety director believe that the need of stricter fire regulations is necessary beyond the confines of the present district.

The plan under discussion includes the expansion of the area to the railroads on the east, to the east, to the Chicago and Erie tracks on the south along Main street, to West street on the west, and to Haller street on the north.

The present ordinance fixes the limits at McKibben street on the north, Elm street on the south, Union street on the east and Elizabeth street on the west, excepting that between Spring and North streets, the limits extend east to Central avenue and west to West street. The ordinance provides that within the fire limits, no building shall be erected whose outer walls are not of fireproof materials. This eliminates the use of wood walls and limits the materials to brick, iron, stone, cement or steel.

At the meeting this evening, final arrangements for big banquet to be served in Memorial hall, will be completed.

## REDUCTION IN REVENUE

**Because of Number of Saloons Put Out of Business.**

**GOVERNOR COX CALLS CONFERENCE**

**With State Treasurer to Help Prepare Bill to Cover Shortage.**

Columbus, O., Jan. 27.—Because approximately 2,000 saloons will be put out of business and the state's liquor revenue decreased about \$600,000 a year, Governor Cox today called in State Treasurer John P. Brennan for data that will help him work out a bill to meet the deficit and make the various liquor commissions proposed by the legislature self-supporting.

Governor Cox's contemplated plan is to charge applicants for liquor licenses more than the \$1,000 now paid under the Dow-Alken law, and thereby make up the deficiency. Treasurer Brennan reported to the governor that, at the close of 1912, there were 8,643 saloons in Ohio, 45 "dry" and 43 "wet" counties, and that the state collected \$2,536,533.35 from these saloons during 1912.

**Captain of Company C is Promoted to the Post of Quarter-Master.**

Captain John Harley of Company C, O. N. G., received his commission as quartermaster of the Second regiment, from Governor James M. Cox this morning, and will assume his new duties at once.

The promotion of Captain Harley necessitates the calling of an election to fill the vacancy in Company C, which will be issued from the adjutant-general's office in Columbus. Lieutenant George Eckert will no doubt be chosen to succeed Harley while Second Lieutenant Clark Creps will be advanced to the post of First Lieutenant.

## DEATH CAME UNANNOUNCED

**And in One Short Hour Had Snatched Away Lima Girl's Life.**

**MARGARET O'BRIEN ANSWERED SUMMONS**

**Condition Had Not Been Serious Until She Fell in Sister's Arms.**

Miss Margaret O'Brien, the popular proprietress of the Marinello Shop, on east North street, in the Norval building, fell over in a faint yesterday noon, and in one hour had passed out of this life. Like a shock the news of her sudden taking traveled over the town, leaving in its wake a feeling of extreme awe as well as deepest sorrow.

Miss O'Brien was apparently in the best of health, and thought for a few days back slightly indisposed, she has suffered nothing serious, and she had not even consulted a physician. On Saturday throughout the business hours she was at her duties at the Marinello Shop, and to her friends and employees she seemed as well as ever.

However, on Sunday morning she was not so well as the previous day, and remained at home when the remainder of the family went to church at the 10:30 o'clock mass. She had been working hard during the week and to this was attributed much of this feeling. Just as the family returned she arose from her chair to meet them, and told her sister that she was no better and that she thought she should have a doctor. Before the sister, Miss Catherine, had started for the telephone, Miss Margaret fainted. Miss Catherine caught her, saving her the fall. The mother and sister were present, and helped carry the unconscious form to a bed room. Consciousness was never regained by the deceased. Doctors were summoned, and arrived only a little while before life was extinct. Father Tobin was called, and administered the last sacrament to the dying.

One of the most strange coincidences of this sudden stilling of another life, is the fact that just 13 years ago, to the day, the father, Henry O'Brien, Sr., died very suddenly of a similar ailment that yesterday took from this earth Miss Margaret. Like a stroke out of the night, the death of his dearly beloved member of an old and established family in this city has left all of her friends and relatives almost prostrated.

Well and strong, the thought that she would be called so suddenly was never once entertained by any of the many friends of Miss Margaret O'Brien. It has been but a very few months since she finished a course in the Marinello college in Chicago, and coming back to Lima, opened up completely equipped parlors on east North street. Incidental effort and wonderful application, coupled with thorough work and consistent attention had just built up for Miss O'Brien one of the finest trades in the city.

At the time of her death Miss Margaret O'Brien had arrived at the aged of 40 years. She was born in Lima, in the old home where her family has lived for many years, where her father died 13 years ago, and where, as a child, she passed away. For years the south-east corner of North and Jackson streets has been the "O'Brien corner" to all residents.

Miss Margaret O'Brien was the daughter of Mr. and Mrs. Henry O'Brien, Sr., and spent all of her life in this city. She was educated in the parochial and the public schools here, and later in the Marinello college in Chicago. Throughout her life a devoted member of the Catholic faith, she was a loyal

## Try It! Says Sage Tea Darkens and Beautifies Faded, Gray Hair

**MIXED WITH SULPHUR MAKES HAIR SOFT AND LUXURANT. REMOVES DANDRUFF.**

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is coming in vogue again, says a well known down-town druggist. It was our grandmother's treatment and hundreds of women and men too, are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's

Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is the most popular because nobody can discover it has been applied. Simply dampen a soft brush or sponge with "Wyeth's Sage and Sulphur" and draw this through your hair, taking one small strand at a time. Do this tonight, and by morning the gray hair disappears and after another application it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it produces that soft lustre and appearance of abundance which is so attractive; besides prevents dandruff; itching scalp and falling hair. Here, you gray-haired folks, get busy; look years younger. H. F. Vorkamp.

## FIRST ANTI-ALCOHOL CONGRESS IN OHIO.

Columbus, O., Jan. 27.—In the first anti-alcohol congress to be held in Ohio, in which all the forces fighting the saloon are uniting in their common cause, Congressman Richmond P. Hobson of Alabama, will be the chief speaker. He is to speak tonight and will take up in the course of his address the Kenyon-Shepard bill, which comes before the United States senate on February 10. The intent of the bill is to prevent the shipment of liquor from a wet state into a dry state.

"I am a partisan prohibitionist," said Daniel A. Poling, recent prohibition candidate for governor, "but I have made up my mind that I will never again say anything about any other anti-alcoholic organization that can be used by the wet forces against the great end for which we all strive."

## DIED AT THE ALLEN COUNTY INFIRMARY.

**T. E. Walters Passed Away This Morning From a Cancerous Trouble.**

At the Allen county infirmary this morning at about 7:30 o'clock, Mr. T. E. Walters died from a cancerous trouble. He had been suffering from this trouble for some time past, but it was only in the past six months that has been at the infirmary.

A man of about 50 years of age, he passed away this morning before relatives could be located. However, a sister, Mrs. J. I. Reed, of the Allentown road, has been located, though no communication has as yet been established with her.

No funeral services have been arranged for.

## WHISKY AND BEER STOLEN

From the Henry Keller Saloon on East Market Street.

### TWO SUSPECTS UNDER ARREST.

Entrance Gained to Place by Smashing Basement Window.

Two suspects are being held at police station and the police are scouring the city today in search of other local characters alleged to have been implicated in the robbery of the Henry Keller saloon at 212 east Market street, which occurred some time between the hours of midnight Saturday and 5 o'clock this morning. Eleven quarts of whiskey and a half-dozen bottles of beer were stolen.

An examination of the premises this morning indicated that strenuous efforts had been made by the robbers to effect an entrance into the iron safe, in which was deposited over \$800 in currency. The thieves, however, were unable to force open the large doors, and nothing of value was taken except the wet goods mentioned above.

The robbery was discovered at 5 o'clock this morning by Lee Robinson, manager and part owner of the saloon, when he opened up the place for business. His eye quickly detected the absence of several quart bottles of whisky from the wine and liquor department located in the rear of the saloon, and he immediately started an investigation.

A clue was had to the manner of the entrance when it was discovered that the bolt which fastened the door leading from the cellar had been torn from its fastening. Continuing the search in the cellar Robinson discovered that one of the

windows in the basement had been broken out, while the tracks of many feet covered the dust-covered boards inside the window. The robbers evidently pressed their combined weight against the cellar door, and forced it open, gaining entrance to the saloon proper with little difficulty.

Suspicion was directed to Dave Reynolds, a local character, when he passed the saloon this morning in a drunken condition. Reynolds has been a lounge at the saloon for several days, and was acquainted with the premises.

Robinson immediately acquainted the police department of his suspicions, and officers were detailed to search Reynolds' room on south Central avenue. Here the police found three empty whisky bottles, bearing the Keller label, which the proprietor of the saloon identified as bottles stolen from his saloon. Six quart beer bottles were also found in the room, but Robinson was unable to positively identify them as a part of the stolen goods.

Reynolds was immediately placed under arrest, and lodged in jail on a charge of suspicion. Soon after his arrest, the police arrested Charles Summer, one of his companions, and the two men are being held at the station while the robbery is being more thoroughly investigated.

**Ex-Convict Suspected.**  
Chief Earnst is of the opinion that others besides Reynolds and Summers were implicated in the robbery, and from his own knowledge of the case, believes that a former inmate of the Ohio penitentiary, now in Lima, planned and executed the robbery with the others as his accomplices.

Police officers are on his trail, and his arrest is expected before the day is over.

Scullap for nervousness, Pennyroyal for colds, Clover Blossoms for the blood, Thoroughwort for colds, Wormwood and Balm of Gilead Buds for sprains, and so on. It is interesting to note that the most successful remedy for female ills the world has ever known had its origin nearly forty years ago from roots and herbs and Lydia E. Pinkham's Vegetable Compound in made today in immense quantities from those same roots and herbs with extreme accuracy, care and cleanliness. The standard remedy for female ills.

## CONTEST NOT ANTICIPATED

Board of Trade Directors Holding Meeting This Afternoon.

### RE-ELECTIONS ARE EXPECTED RESULTS

As Pertains to the First Three Offices. Secretary-ship Contingent.

At four o'clock this afternoon in the rooms of the Lima Progressive association in the old city building on west High street, the directors of this association will meet in their annual organization meeting. At this time there will be elected for the ensuing year the president, the vice president and the treasurer. The secretary of the association is under the constitution employed by a committee of six of the directors which is appointed by the president, and of which he is a member ex-officio.

To the best of the knowledge of every member who has given this Cooney, retired dry goods merchant very little doubt that the present officers will be elected for their second terms. The work that they have done in their positions has been decidedly of the first calibre.

However, at this time, it is impossible to prophesy just what the outcome will be as regards the secretaryship. This matter lies entirely with the committee which the president will appoint, and as the appointment must follow the election, the secretaryship is entirely contingent upon this. Holmes Mackenzie is a candidate for re-election, while there have been several other applications entered, including Attorney Emmet Jackson and Walter M. Cooney, retired dry goods merchant and capitalist. The position of secretary carries a salary of \$75 per month.

## FELL OFF THE WATER WAGON

Several Repeaters Lined Up Before Mayor Shook This Morning.

### OFFICER ATTACKED BY YOUNG FARMER.

Police Frighten Prowlers Away by Firing Several Shots.

Saturday night marked the falling off of the water wagon of a number of former habitués of the police station, who had been passengers on that vehicle since the dawn of the New Year. Wesley Jacobs, late substitute janitor at the safety building, found the going too rough Saturday evening, and dropped off, landing in the waiting arms of Patrolmen Wallace and Roberts, who escorted him to police station.

Jacobs was arraigned before Mayor Shook this morning, and entered a plea of guilty to the charge of drunkenness. He was fined the customary \$5 and costs, and remanded to jail. Unless some friend comes to his rescue, he will join the force pounding stone at the city rockpile.

Another well known police character who fell from grace Saturday evening was Mary Ellen Lindsey, who has been the most regular occupant of the woman's ward at the city prison for the past few years. Mary was taken into custody early Saturday evening by Patrolmen Cole and Riley in front of the Golden Hill liquor store on the east side of the public square. She was deporting herself in an unbecoming manner, and had attracted a crowd of nearly 200 people when the police took her in charge. \$5 and costs was the mayor's verdict this morning.

and she will likely be a prisoner at the city jail for several days.

Other repeaters in the list of offenders arraigned this morning were W. E. Ryan, Charles Eler, and J. C. Weller. Each of them was fined \$5 and costs.

C. H. Winks, arrested on east Market street for using profane and obscene language in the presence of women and children, pleaded guilty to the charge of disorderly conduct this morning, and was fined \$1 and costs. He is still in jail. Joe Parlish, William Christy, L. Black, and Ralph M. Pugh made up the balance of the list, each being fined \$1 and costs.

**Resisted an Officer.**  
Police officers were called to the vicinity of Otto's inn in Sugar alley early Saturday evening by the report that a free for all fight was in progress. Detective Stewart was sent to disperse the crowd, and in attempting to do so, was attacked by Oscar Jones, a young farmer living between Gomer and Delphos, who resisted the intrusion of the police.

Stewart and Jones became involved in a lively battle before the young farmer was finally subdued. The officer was painfully bruised about the hands and wrists in the melee, but was able to continue on duty for the remainder of the night.

It developed after the arrest that Jones had attacked T. A. Morgan, a farmer living near Gomer, in a west High street saloon shortly before the trouble in Sugar alley. Morgan made complaint to the police, and Stewart was despatched to bring him to headquarters. Several of Jones' companions threatened to attack the officer, but Patrolman Cole came to his assistance, and the trouble subsided.

A brother of Jones appeared at police station late Saturday night, and secured his release upon a deposit of \$10 bond. This was declared forfeited this morning when the young man failed to appear for hearing.

**Prowlers Escaped.**  
Residents living in the vicinity of North and Union streets were frightened early Sunday morning by a number of revolver shots, fired by Patrolmen Wallace and Cole in an effort to land a couple of strange men, who were seen lurking about that part of the city. The two men, whose names are not known to the police, escaped, and all efforts to locate them afterward proved futile.

### ONE NOMINATED; TWO WITHDRAWN.

Washington, Jan. 27.—President Taft today nominated Preston A. Worthington to be receiver of public moneys at Burns, Oregon, and withdrew the nominations of L. A. Leverson, to be postmaster at Fergus Falls, Minn., and the reappointment of William H. Keaton to be postmaster at Elizabeth City, N. C. Keaton has resigned from the post office service and Representative Steenerson, of Minnesota, objected to the nomination of Leverson.

## BABY PLANT HAS HONOR

Of Entertaining High Officials of Ohio Dairy Company.

### ANNUAL CONFAB THIS AFTERNOON

To be Followed by a Banquet at One of the Local Hotels.

The Lima office of the Ohio Dairy Company will be the scene this afternoon of the annual conference of the managers and salesmen of the seven creamery plants operated by the company in the United States. The local branch, being the youngest plant of the company, has the honor of entertaining the representatives this year.

General Manager Henry A. Page, of Toledo, will be chairman of the meeting, and his address to the managers and traveling salesmen of the company will be the feature of the program. Informal discussion of the experiences of the past year and the plans for operation of the coming year will be participated in by the different local managers and the sales force.

The past year has been the most successful one in the history of the Ohio Dairy Company, and a healthy increase in the volume of business handled is confidently expected during the coming year.

At the present time, the company operates creameries in Toledo, Columbus, and Defiance, Ohio, Morceni and Dundee, Michigan, Philadelphia, Pennsylvania, and Lima. The Lima plant was installed about a year ago, and already occupies a front rank with the older branches. The arrangements for the conference are in the hands of S. B. Epler, the manager of the Lima branch, and he is planning a series of entertainments for his guests that will cause them to remember their visit to Lima with pleasure. Following the business session, an elaborate banquet will be served in one of the local hotels, at which covers for about twenty will be laid.

The banquet will also serve as a fitting parting favor to William Throckmorton, local representative of the De Laval Separator Company, who leaves Lima within the next few days for California, where he will assume the position of general sales manager of the De Laval Company. Mr. Throckmorton's work in Lima has brought him into close personal relation with the officials of the Lima branch, who have awarded him the seat of honor at the banquet this evening.

## YOUNG LADS ARE GUILTY

Of Robbing a South Side Boarding House Last Thursday.

### CAPTURED IN FT. WAYNE-FRIDAY.

They Made Clean Breast of Their Guilt Before Mayor Shook.

Clarence Hendrick and Paul McCormick, youthful thieves arrested in Ft. Wayne last Friday afternoon after they had confessed to the robbery of a south Lima boarding house, were arraigned before Mayor Shook this morning, and entered pleas of guilty to the charges filed against them.

Hendrick was arraigned on the charge of grand larceny, while McCormick pleaded guilty to petit larceny. The mayor did not have final jurisdiction in the case of Hendrick, and he was bound over to the grand jury in the sum of \$200 bond. He will be committed to the county jail this afternoon to await the action of the grand jury.

McCormick was charged with the robbery of an overcoat belonging to Howell Jones, valued at \$20, constituting a petit larceny charge. He was fined \$10 and costs by the mayor, and committed to the city workhouse to work out his fine and costs.

Hendrick, however, was charged with the theft of a suit of clothes, a muffler, a stick pin, and other minor articles, valued at \$37.50, all the property of Morgan Kirby, making his offense grand larceny.

Howell and Kirby are boarders at the home of Mrs. Alice Bechtel, of 929 south Main street. Hendrick and McCormick also boarded there until last Thursday when they took French leave, taking with them the clothing belonging to their fellow boarders. They were formerly employed as laborers at the Lima Locomotive Corporation.

The youthful thieves were apprehended in Ft. Wayne last Friday afternoon as they were in the act of disposing of the stolen goods. Upon being questioned, they made a clean breast of their guilt, and reiterated their confession when Detective Heffern arrived in the Indiana city last Saturday to bring them back to this city.

The stolen articles were returned to their rightful owners Saturday night by the police, while the thieves were garbed in clothing hastily secured by the police.

### U. S. AMBASSADOR ENTERTAINS ROYALTY

St. Petersburg, Jan. 27.—Curtis Guild, United States ambassador, today gave a luncheon in honor of the Grand Duke Alexander Michailovitch, brother-in-law of the czar. This was the first occasion for many years on which a member of the Russian imperial family has been entertained at the American embassy. This action of the grand duke is taken as an indication that the denunciation of the treaty of commerce between Russia and the United States is not resented by the Russian government.

### IMPORTANT BILL BEFORE GOVERNOR.

Montpelier, Vt., Jan. 27.—A legislative measure providing for the sterilization of defective criminals will be laid before Governor Fletcher tomorrow. Strong pressure both in favor and against the bill will be exerted. No recent act of the legislature has aroused more discussion. Those who will appear before the governor include representatives of the medical societies, scientists and some who oppose the law on religious grounds. The constitutionality of the legislation is also involved. The bill passed both houses by narrow margins. In the house 66 members refrained from voting.

### SECURING JURY FOR DARROW TRIAL

Los Angeles, Calif., Jan. 27.—The second trial of Clarence S. Darrow, on a charge of jury bribery, was resumed today with good prospects for the completion of the jury before night. Two places remained to be filled.

his release is due to the fact that his attorney, former Judge Bowersock, who hastened to Friday night to appeal to the court of the appellate court, and at once called Judge

Crow, his associate justice, at Kenton and it was decided to grant Bowersock leave to carry his case to the final court and at the same time permission was given to furnish bond in the sum of \$250. This was arranged for and Bowersock was released.

That Bowersock will eventually be required to serve the remaining 29 1/2 days of his sentence is considered by local legal authorities a certainty, the delay between now and a hearing being not only useless but adding more costs for the defendant to eventually pay.

Becker Has Chosen. Probate Judge-elect Fred C. Becker, who in two weeks assumes the office to which he was overwhelmingly elected last November, has officially appointed his deputies for his first term.

Mr. Becker's chief deputy will be Robert B. Toland, who has served so efficiently and courteously under Judge Hutchinson during the past seven years. Both Mr. Toland and the public at large are to be congratulated on Mr. Becker's choice.

Miss Mayme Duggan, marriage license clerk and cashier in the probate judge's office for the past six years, has also been re-appointed by Mr. Becker, and this choice will meet with favor on the part of all who have business to transact in the departments over which Miss Duggan has supervision.

Not until the probate judge has himself been elected to the office of judge of the juvenile court will announcement be made as to the position now held by Thomas Phalen. This election is held by the common pleas and probate judges of this sub-division, each judge being entitled to one vote.

## WITH HARP AND SONGS

### Great Master of All is Given Praise in Churches on Sunday.

### MUSIC A FEATURE OF THE SERVICES

### Which Are Enjoyed by Many People Who Are Benefitted.

Music, which plays such a prominent place in all the walks of life and fills such a great mission in the churches of modern times, was a feature of many of the services in Lima churches yesterday. However, none was of more interest than that at the First Baptist church, where the anniversary of the organization of the church, which is entering its eightieth year, was commemorated. The sermon by the pastor, at the evening service, was on "The Mission of Music." This was the occasion of the regular monthly musicals of the church. Rev. Mr. Stiles spoke of the beauty of music, how it is first present at the christening of the infant, how it comes from the mouth of the babe itself in later years, how at the marriage it gives that beautiful significance, and how, when the coffin lid closes over, for the last time, the influence of music goes to cheer the friends left behind. Then, Rev. Mr. Stiles told of music in the budding of the spring-limes and the gentle breeze which permeates the woodlands and air in the fall, all telling of the Great Master and the influence. He gives to us for better living and broader thinking. This sermon was possibly, one of the best ever delivered from the pulpit by the Rev. Mr. Stiles.

Both at the morning and evening service, the church was filled with interested listeners and in the evening, the large auditorium would scarcely accommodate the large attendance. The First Baptist, one of the most influential churches which sprang from a parent member of only 26, when the church was organized 73 years ago, now includes many of Lima's oldest and best families and has done much for the furtherance of good in the city. Mrs. J. R. Melly was soloist last evening, singing "Repentance," by Dudley Buck. Her clear soprano voice was heard to good advantage and her work was indeed appreciated. Her

accompanist was her sister, Miss Rae Heffner, who presided at the organ. Miss Eva Watson, the talented violinist, appeared to great advantage. The music was under the direction of the efficient choir-leader, Mr. Richard A. Shappell. The programs used upon these occasions, were as follows:

Morning Service.  
Prelude, "Pastorale"..... Forte  
Miss Heffner  
Anthem, "Send Out Thy Light"..... Gounod

Mrs. Melvin Light, soloist at the Central Church of Christ, sang Schubert's "Ave Maria" at the morning service at this church Sunday, in her own charming manner, delighting the many people who regularly worship there. In the evening the choir sang "Seek Ye the Lord," by Bridges, under the direction of Miss Millie Sonntag, choir director. Miss Lucile Ford was accompanist, both for Mrs. Light and for the choir.

Lima people and musicians of the city, will read with pleasure, the following lines, which are from the Cincinnati Times-Star, and which concern Mrs. Adolph Hahn (Mamie Davis), her work in the Queen City and the appreciation bestowed upon her by the musical people of Cincinnati:

"To say that the Matinee Musical club's opening concert on Thursday morning, in the Sinton's ball room, was brilliant, would be somewhat untrue. For the club's first concert in every way, surpassed the hopes of even the most sanguine. And when the doors of the Sinton's gold and green ball room were closed at 11 o'clock, for the opening of the programme of the morning, the room was filled to its capacity and some five hundred of the city's society leaders and music lovers were attentive for the music. "In the preliminary arrangements the club's ardent members contributed their own personalities and efforts for the morning's success and the

through in the corridor on the ninth floor before the opening of the concert was busy with greetings, as in a reunion of old friends, the smart hats and coat suits of the membership and their guests giving a note of fashion to the occasion. Mrs. Adolph Hahn, president of the club, who was near the door as the members and guests came in, was always the center of congratulations. She wore a dainty black satin gown, the yoke of black chauntilly lace and the high bodice flur in the back, chic with a flat black velvet bow and streamers. Her black hat was trimmed sharply to the side with a sweeping purple plume."

Speaking of the social affairs in connection with the musical event, the following, also from the Times-Star, is of great interest for among the guests seated were Dr. and Mrs. Kunwald, the former of whom was in Lima only a few weeks ago to conduct the Cincinnati Symphony orchestra. The article reads as follows:

Of the many small luncheons that made the assembly hall of the Sinton very festive after the morning of music, none was in happier vein or for a more interesting guest of honor than that which a coterie of the friends of Mrs. Adolph Hahn, president of the musical, gave in her honor. She has occupied her high post with so much ability that the success of the brilliant opening, in a great measure, was an occasion for special congratulation to her, and those about her table did not let her forget this fact. The table was one of the daintiest in the room and seated the largest number of guests. The guests were Mr. and Mrs. Hahn, Miss Julia Culp, the handsome soloist, and her accompanist, Mr. Coenraad V. Bos, Dr. and Mrs. Ernst Kunwald, Mr. George Armstrong and Mrs. Arthur W. Johnston (Ethel Chamberlain), of Chillicothe, and those who were host and hostess, including Mr. and Mrs. Albert W. Chatheld, Mr. and Mrs. Fenton Lawson, Mr. and Mrs. William Lemmon, Mr. and Mrs. Wilford Foley, Mr. and Mrs. Charles L. Harrison and Mr. and Mrs. James Stanwood. The table about which those 20 gathered was bright with three great baskets of pink sweet peas and pink roses, garlanded with asparagus fern and shining resplendently."

Mrs. Hahn is the daughter of Mr. and Mrs. E. F. Davis, of 201 east Circular street, and is very well known in Lima.

A. C. Bippus, the business man of Toledo, who has been so successful in bringing out the power of song at the revival services, came to Lima over Sunday and assisted at the revival services at Grace Methodist Episcopal church. Mr. Bippus had gone home for the week. His work was felt in the Sunday service and his leadership was the means of inspiring both the pastor and church to greater effort. Mr. Bippus is identified with the Clark Street Methodist church on the east side, in Toledo.

### SICKLES NOT PLACED BEHIND THE BARS

New York, Jan. 27.—In order to spare his old friends General Daniel E. Sickles, the humiliation of arrest, Sheriff Harburger personally arranged with counsel for the general this morning to accept the bail from a surety company. This will obviate the necessity of locking General Sickles in the Ludlow street jail, pursuant to an order from the supreme court issued after the old soldier had failed to account for more than \$20,000 received for the New York monuments commission. Attended only by an aged negro butler, General Sickles today remained secluded in his Fifth avenue home, awaiting developments. The sheriff planned technically to

place the general under arrest, and to admit him to bail immediately thereafter.

Other members of my family have used them with similar results." Take at the first sign of kidney trouble. W. M. Keltner.

#### ALL-YEAR PUBLIC SCHOOLS.

The following editorial which ap-  
peared in yesterday's Record-Her-  
ald suggests some thoughts that are  
worthy of consideration by the  
board of education of the Lima pub-  
lic schools. When one stops to re-  
flect upon the number of days that  
are idled away during the ten  
weeks that make up the long sum-  
mer vacation, the thought suggests  
itself that this time might be more  
profitably employed by the pupil in  
acquiring education in the schools  
than by absorbing education of less  
beneficial nature in the many places  
into which idle pupils would be  
thrown or might seek during a long  
period of enforced idleness. It is an  
innovation which has worked satis-  
factorily where it has been tried.  
The Record-Herald editorial says:

"In Newark, N. J., a trial was  
made in 1912 of the 'all-year' pub-  
lic school—a school open through-  
out 48 weeks of the year, with four  
terms of twelve weeks each. The  
regular school year consists of two  
terms of 20 weeks each.

"The experiment, according to  
what John Cotton Dana, librarian of  
the Newark free library, writes in  
The Independent about it, has been  
a great success. Two schools se-  
lected for the purpose, the Belmont  
avenue and Seventh avenue schools,  
located in thickly populated districts,  
are attended chiefly by children of  
Jewish and Italian parents. Between  
June 1 and August 23 the total en-  
rollment in the two schools was 2-  
849, about 70 per cent of the en-  
rollment of the regular schools in  
the same buildings. At the end of  
this period 1,362 pupils were pro-  
moted, which means, according to  
Mr. Dana, that those children 'are  
three months nearer the end of their  
elementary education than they  
would have been had they spent July  
and August on the city streets.'

"It is asserted that the health of  
the children did not suffer in the  
least and that the teachers felt less  
exhausted at the end of August than  
they usually do at the end of June,  
'partly, no doubt, because of the ab-  
sence of pressure of examinations  
and preparation for long vacations.'  
The schools were open five hours a  
day for five days each week.

"The all-year school seems to  
have many points in its favor. It is  
to be tried more extensively in  
Newark, and if thoroughly success-  
ful will be applied to the entire  
school system. It is well worth a  
trial in other cities."

#### DEFECTIVE VISION IN SCHOOL CHILDREN.

An examination of forty children  
from two public schools in New York  
City show some striking results. The  
forty pupils examined were the worst  
that could be found in the two  
schools; eighteen of them being so  
stupid that they were in ungraded  
classes, eleven were so stupid that  
they required three terms to do the

#### Society Leader Turns Her Home Into Rest Cure.

The beautiful half-million dollar  
country home of Mrs. J. Borden Har-  
riman, at Mount Kisco, N. Y., has  
been formally opened as a fashion-  
able rest cure. Mrs. Harriman states  
that her reason for making this  
change is that Mr. Harriman's  
health is poor, and that as she de-  
sires him to give up business for a  
time, she intends not only to econ-  
omize, but to turn her country  
home, which has been very expen-  
sive to maintain, into a paying  
proposition. The estate is very ex-  
tensive, with more than two hundred  
acres of land, green houses, stables,  
tennis courts, gardens, and blooded  
stock. The patients who will re-  
cuperate at this sanitarium do not  
include the rich society women. Each  
patient will have her own servant,  
and noted specialists will be in at-  
tendance. Prices will range from  
\$100 a week, upward, according to  
the rooms or suites.

work of one term and eleven were  
delinquent. All of the forty children  
had defective vision. They were fit-  
ted with proper glasses and after  
six months it was found that thirty-  
two of them had made astonishing  
progress. These thirty-two were un-  
der as many different teachers. A  
report of this work has been made  
to the board of education recom-  
mending that the entire care of the  
school children, mental, moral and  
physical, be vested in one depart-  
ment with a single head and that  
that should be the board of educa-  
tion, that a sufficient number of doc-  
tors be trained to deal with all de-  
fects of school children who are at  
present in the category of ungraded,  
backward or disciplinary cases; that  
any child whose work is unsatisfac-  
tory for one term should be exam-  
ined and all defects of structure and  
habit corrected as far as possible.

## ECONOMY TO BE OBSERVED

In Administration of Af-  
fairs in State Audi-  
tor's Office.

AUDITOR DONAHY  
SAVES \$75 A DAY.

Efficiency to be the Standard  
Rather Than Polit-  
ical Activity.

A special from Columbus gives the  
following version of the way in  
which an era of economy is to be in-  
terjected into the administration of  
the state auditor's office under A. V.  
Donahy, the newly installed demo-  
cratic auditor of state:

Plans for reorganization of the  
State Bureau of Accounting of Pub-  
lic Offices, which it has been agreed  
by state Administration leaders is to  
be retained under the Auditor of  
State's office, were announced to-day  
by Auditor A. V. Donahy. If the  
general plan that Mr. Donahy has  
worked out proves a success there  
will be saved to the various counties  
that pay the expenses of the bureau  
the sum of \$75 for every day that  
the full corps is at work.

Mr. Donahy also announced that  
he had offered to W. E. Baker, of  
Peculiar, now a city examiner, the  
position of head of the bureau in his  
office that deals with the inspection  
of state offices. This work is now  
handled by A. B. Dawson and W. C.  
Wickoff, of Columbus. Both are ex-  
pected to be let out under the new  
regime. Mr. Baker is recognized as  
an expert in accounting systems and  
installed the systems of accounting  
at several state universities, includ-  
ing Ohio State, Michigan, Wisconsin,  
Nebraska and Minnesota.

While no definite announcement  
has been made it is understood that  
for the present Mr. Donahy will re-  
tain the present department heads  
of the bureau of accounting. They  
are Joseph T. Tracy, of Portsmouth,  
for cities; Samuel R. Hudson, of  
Maysville, for counties, and W. R.  
Niven, of Bellefontaine, for town-  
ships and school districts. Niven is  
a Democrat and may be expected to  
remain permanently, while Hudson  
and Tracy are Republicans.

Under Donahy's plan the cities  
are to be divided into seven districts,  
with one examiner and one assistant  
for each district. The counties like-  
wise are to be divided into nine dis-  
tricts, with one examiner and one as-  
sistant to handle every district. The  
county examiners are to take the  
places of 37 examiners and 1 assis-  
tant and the city forces take the place  
of 17 examiners and 7 assistants.

Under Donahy's plan the same  
schedule of wages will obtain. The  
examiners will receive \$10 a day and  
expenses and the assistants \$5 a day  
and expenses. Under the old plan  
the cost is \$165 per day for city ex-  
amination departments and \$175 per  
day for county examination depart-  
ments. Under Donahy's plan the  
cost of the city department will be  
\$120 and for county \$145 per day,  
thus affecting reductions if the force  
is found adequate.

Efficiency and attentiveness to  
duty, rather than political activity,  
is what is to count under his system,  
Donahy said to-day. There will be a  
check both on the examiners and  
on the work they do. Secret service  
men will be named for occasional  
duty for this purpose.

The County Examiners named to-  
day and their districts are: No. 1,  
E. N. Halbedel, Upper Sandusky;  
No. 2, T. L. Davies, Van Wert; No. 3,  
John A. Bliss, Canton; No. 4, F. H.  
Boyle, West Union; No. 5, H. B.  
Sage, McArthur; No. 6, W. T. Jones,  
Columbus; No. 7, M. R. Patterson,  
Jackson; No. 8, J. Q. Bowles, Colum-  
bus; No. 9, C. E. Bortton, Caldwell;  
extra, M. A. Coe, of Scioto county.  
Davies is the only one not now con-  
nected with the bureau.

The County Examiners who were  
not reappointed are George W. Bar-  
rere, Ravenna; Carl M. Bowman,  
Cleveland; Ray H. Cope, Marysville;  
Cleveland; Ray H. Cope, Marysville;  
Bellefontaine; George C. Smithley,  
Cleveland; M. R. Talbot, George-  
town; D. F. Walters, Wauseon.

The seven city districts have for  
the present been assigned to exam-  
iners now in the department. The  
Cleveland district, comprising cities  
in Cuyahoga county, will be handled  
by C. S. Verrill, of Columbus, as-  
sisted by H. H. Gay, of Darke coun-  
ty; Moses Blau, of Dayton, will  
handle cities in Hamilton and Butler  
counties.

Other assignments are: Columbus  
District, A. H. Foster, of Hamilton  
county; Toledo District, John E.  
Diemer, of Tiffin; Dayton District,  
W. E. Heck, of Findlay; Youngstown  
District, F. A. Farmalee, of Oberlin;  
Zanesville District, R. D. Waddell,  
of Hillsboro; F. A. Jackson, of  
Belleaire, is put on special work in  
connection with city examinations.

Among the City Examiners not re-  
appointed are Frank Baird, of To-  
ledo; E. P. McGuire, of Gallion;  
Aaron Maul, of Springfield and De-  
lano Marfield, of Columbus. Baird  
has been quite prominent in state  
politics. He was one of the trusted  
lieutenants of the Hanna regime and  
at one time was State Oil Inspector.  
Reorganization of the school and  
township accounts bureau is to fol-  
low shortly and a number of heads  
are to fall.

Proposal to Lower  
Limit in State  
League.

OWNERS MAY  
UIT THE LEAGUE.

President Will Carry  
Fight to League  
Meeting.

During the proposition ratified  
meeting of the club  
of the Ohio State league to  
the salary limit of each club  
a sporting writer has the  
to say:

There are dark forebodings  
over the city of Portsmouth,  
where the pennant winners in  
the State league. At the re-  
meeting of the league in Col-  
umbus it was voted to enforce a  
salary limit of \$1,000 a month.  
The club owners believe that  
not exist if the salary list  
higher than that. This meas-  
ure fought hard by President  
an. of the Portsmouth cham-  
pions contended that he could  
his players down to the re-  
limit. The Portsmouth club-  
bing about \$1,400 a month in  
last year, and practically  
no players are expected on

the team for 1913. A straight cut  
of 30 per cent in salaries would give  
the owners the time of their lives  
in signing up players, and Presi-  
dent Gableman says that it is im-  
possible for his team to come down  
to the required figure and exist. He  
is the only club owner in the league  
who is anxious to pay more money  
to his ball players than he is al-  
lowed to do under the new rule of  
the league. Mr. Gableman contends  
that it is very unfair to his club to  
enforce a small salary limit at the  
present time. He says that it took  
him and his manager five years to  
bring his club from a poor tail-ender  
to the position of a clean-cut pen-  
nant winner. Under the new rule he  
will not be able to retain many of  
his star players, and, as a result,  
much of the hard work of the past  
few years will be wasted, as he will  
have to start out to build up an-  
other winning club with cheaper ma-  
terial. He says that the rule was  
put through for the benefit of some  
of the newer clubs in the league  
and that it will work harm to a  
well-established organization like  
his own.

"If the rule is strictly enforced,  
it may be that the Portsmouth club  
will quit the Ohio State league.  
Another meeting of the league will  
be held next week, at which Mr.  
Gableman will put up another fight  
against the salary limit rule."

Persons troubled with partial pa-  
ralysis are often very much bened-  
icted by massaging the affected parts thor-  
oughly when applying Chamberlain's  
Liniment. This liniment also re-  
lieves rheumatic pains. For sale by

# ECONOMIC CONDITIONS

Surrounding the Garment  
Workers Denounced by  
Victor Berger.

WANTS CONGRESS  
TO INVESTIGATE

Claims Wages Are So Low  
That Decent Living is  
Impossible.

Washington, Jan. 27.—Investiga-  
tion of conditions in the garment-  
working industry in New York was  
proposed in a resolution today by  
Representative Berger, the socialist  
member from Wisconsin. The resolu-  
tion would authorize the appoint-  
ment of a special committee of seven  
members to inquire into conditions  
surrounding the garment-making  
trade and the recent strike.

In the preamble of his resolution  
Mr. Berger sets forth that the New  
York clothing industry supplies the  
trade of a large section of the coun-  
try throughout interstate trade; that  
the wages in the industry are so low  
that "healthy surroundings and a  
decent standard of living have be-  
come almost impossible."

It is further charged, in the pre-  
amble, that vice and crime are bred  
of the needless misery incident to  
the manufacture of the nation's  
clothing, and further, that said man-  
ufacture is carried on in filthy and  
unsanitary places saturated with  
germs of consumption, small pox  
and scarlet fever and other conta-  
gious diseases.

Mr. Berger's resolution sets forth  
that clothing made in such condi-  
tions is a "serious menace and dan-  
ger to the welfare and health of  
all."

In a statement accompanying his  
resolution Mr. Berger said that he  
desired to show "the close connec-  
tion which the intolerable economic  
condition of the garment workers  
bears to crime and vice on the one  
hand and how these economic con-  
ditions revenge themselves upon all  
the people, because the people allow  
them to exist."

## AT THE FAUROT.

It is almost impossible to give the  
average theatregoer even a faint  
idea of the excitement that pervades  
the atmosphere adjacent to the  
Faurot opera house, occasioned by  
the preparation for tonight's pre-  
sentation of Klaw & Erlanger's in-  
ternationally famous musical com-  
edy de luxe, "The Pink Lady." This  
merry musical triumph will be pre-  
sented here by a gigantic organiza-  
tion of over 100 people, and with a  
most elaborate and massive pro-  
duction, requiring four sixty-foot  
baggage cars to transport it here; in  
fact, everything will be presented to-  
night in detail as to life, color and  
settings that enraptured the press  
and public of Europe and America  
at recent presentations.

From the moment their special  
train arrived everything has been  
hustle and bustle at the various ho-  
tels and in and around the theatre.  
It is needless to say that everybody  
in search of beauty, laughter and  
song excitement will witness the per-  
formance at the Faurot. Manager  
Cunningham prophesies that to-  
night's audience will not only be a  
banner box-office record-breaking  
attendance but it will be a representa-  
tive gathering of social and profes-  
sional distinction.

Foremost of the stage celebrities  
to attract attention about town are  
John E. Young, Olga De Baugh,  
Harry Depp, Georgia Harvey, Chas.  
Stone, Tessa Kosta, Alfred Deery,  
Elizabeth McAfee, Vinnie Bradcomb,  
Dan Young, Lucie Carter and that  
internationally famed New Amster-  
dam theatre, New York City, array  
of bewitching femininity.

Cut the High Cost of Living.  
W. H. Chapman, Winnipeg, Neb.,  
tells how he did it. "My two chil-  
dren had a very bad cough and the  
doctor's medicines did them no good.  
I got a bottle of Foley's Honey and  
Tar Compound, and before it was  
all used the children were free and  
cured of their cough. I saved a doc-  
tor's bill for one 25c bottle of Fo-  
ley's Honey and Tar Compound.  
No opiates. M. M. Keltner."

Every teacher in the public and  
private schools should have a copy  
of the Lima Times-Democrat's Ohio  
Almanac. It is a real Ohio text book  
and may be used as such. The cou-  
pon tells how to get it at a bargain  
price.

A PRIMA DONNA  
WHO LOSES THINGS.

When Mme Julia Culp landed on  
our shores recently, she was be-  
moaning the loss of many things. To  
begin with, her jewels had disap-  
peared, jewels that were valued not  
so much for their intrinsic value, et  
cetera, but for the splendid memories  
they summoned. And worst of all,  
the beautiful singer lost her voice in  
the excitement, and feared that she  
would never be able to fill her en-  
gagements. But luckily she has suc-  
ceeded in locating her vocal powers,  
and will not disappoint the opera  
patrons who have been anticipating  
her visit with much pleasure.

## OIL HIKED UP AGAIN

Price in the Crude Product Jumped Another Notch This Morning.

THREE CENTS MORE ON EVERY BARREL.

Increase Has Been Continuous Throughout the Fall and Winter.

Today's Oil Market.

North Lima	\$1.31
South Lima	1.26
Indiana	1.26
Illinois	1.14
Wooster	1.65

Word was given out this morning from the Lima offices of the Ohio Oil company that the crude product of this part of the country had taken another jump, and that in the future the buyers would pay a higher price for it. The rise that marked the opening of the market this morning is only a part of a continued increase that has been in progress for the past several months.

The increase in the price of the crude oil from the North Lima, the South Lima, and the Indiana fields this winter has been almost phenomenal, and there seems to be no end to the amount asked. The raise to-day will put the price of the North Lima crude at one dollar and thirty-one cents per barrel, while the South Lima and the Indiana crude will come up to one dollar and twenty-six cents per barrel. The prices that have been quoted for the first of these three over the identical price for the latter two has been throughout the major part of the season five cents in advance.

The raise in the market today on all of these crude oils amounts to three cents on the barrel, except in the case of Wooster oil, which was advanced seven cents on the barrel.

## WILL GATHER IN THIS CITY

United Brethren From This Vicinity Will Meet in First Church.

PROMINENT DIVINES ON THE PROGRAMME

Session Will Last Over Tomorrow and Will be One of Interest

A Sunday school and seminary convention will be held on Tuesday, January 28th, in the First United Brethren church, corner of Spruce and Union streets. The convention will begin at 9:30 o'clock and close at 3:30 o'clock. Eleven of these district conventions are being held in the Sandusky conference. The morning devotion will be in charge of Rev. H. E. White, of Harrod. Rev. D. C. Hollinger, of Sidney, will speak on "The Purpose of This Meeting, as Regards the Church." How Enroll Five Thousand New Pupils? A general discussion and open conference will follow.

Adjourning will then be taken for dinner, which will be served as visitors, at the church, by the ladies. At the afternoon meeting, the devotional exercises will be conducted by Rev. W. O. Montague, of Montezuma, Ohio. Rev. J. B. Bovey, of the First church, of Lima, will have for his subject, "How to Win Three Thousand Pupils to Christ." This will be followed by a round table discussion.

Rev. C. N. Crabbs, of Columbus, Ohio, will speak on "How to Raise \$5,000 for the Cowden Memorial Chair in the Theological Seminary at Dayton," which will be open for general discussion. Rev. (Dr.) A. C. Siddall, of Findlay, conference superintendent of the Sandusky district, will have for his subject, "Policy Outlined."

The regular weekly dinner of the church will be served on Tuesday, that the visitors may be accommodated and secure their meals, without leaving the church. The public is invited to attend the convention

# SPECIAL ELECTION

TO VOTE ON BONDS FOR COURT HOUSE IMPROVEMENTS.

The County Commissioners Make Themselves Understood by Public.

ISSUE STATEMENT ON THE SUBJECT

Sanctioning the Issuance of Bonds in Sums of Quarter Million Dollars.

That Present Court House is Disintegrating, There Seems No Doubt.

That the movement looking to the remodeling of the Allen county court house at a cost which will approximate \$250,000, is daily gaining in public favor is verified by the expressions heard almost unanimously sanctioning a special election at which time a vote on a proposed bond issue will be taken during the coming spring.

## To Use Memorial Hall.

Provided the bond issue carries, which those behind the project have every reason to believe it will, the Allen county memorial building will be converted into a temporary county capital, the auditorium to be partitioned and converted into county offices. This plan, while the most economical, because of the great saving of rentals which would be necessary outside of county property, is also judicious through an anticipation of the fact that temporary quarters, wherever they may be, will be used for at least one year after the remodeling begins. Following is a statement issued by President A. L. Fry, S. H. Arnold and A. L. Fisher, of the Allen county board of commissioners:

"To the People of Allen County: The board of county commissioners, as servants of the public, feel it their duty to call attention to the present conditions of the court house, and to the necessity for its improvement and for additional room. This is no new question. It has been puzzling all the boards of commissioners for many years past. It has at last become necessary to act.

"For several years we have been required to expend large sums of money each year in the repairs of

the roof of the building, and a recent examination by architects disclosed the fact that the frame work of the roof has become greatly weakened, and is insufficient to withstand the strain of a severe storm. If the roof should at any time give way it might endanger the whole building, and as well, the public records of the county.

"Also, an investigation discloses that the floors of the building have become greatly weakened. The corrugated iron and cement used in the construction in the floors have become weak and unstable from rust and disintegration, and for the safety of the building and the public the floors must be reconstructed within a period of a few years.

## Fireproof Building Necessary.

"While the repairs above mentioned have become imperative, sentiment is growing strong throughout the county that our public records are insecure, and should be protected by a fireproof structure. It is true that the destruction of our public records would render questionable the title to every piece of real estate in the county, and would result in endless litigation, expense and trouble. Several counties in the state have had this experience, and we may well ask whether we should not forestall such a calamity.

"In addition to this, we are confronted with the necessity of providing suitable quarters for the court of appeals, which was created by one of the amendments to the constitution ratified by the people on the third of last September. This district is composed of sixteen counties with three judges. This court takes the place of the circuit court, which was composed of the same number of judges. The judges of the court of appeals of each district, under the constitutional amendment above referred to, are given authority to select the county seat of one county of the district as a place for holding the regular sessions of the court, and the judges of this district have selected Lima as the county seat most conveniently located for that purpose. It now becomes our duty under this constitutional amendment to provide a place for this court. There is no space in the court house as it exists at present that can be used for this purpose.

## Hampered for Office Room.

"Also, it is a well known fact that practically every public office in the court house is hampered for room, and the work of the office made both difficult and expensive. Something must be done to give relief in this respect. In short, the county has outgrown the present court house, and we are compelled to take some action at once. A condition, not a theory, confronts us.

"The question is, what shall we do? We have had careful estimates made by competent architects, and we ascertain that a new court house of the dimensions and character necessary to meet the needs of the county, would cost approximately \$500,000, and that the remodeling and enlargement of the present court house, making the same fireproof and large enough to meet the demands at present and for many years to come, would cost approximately \$250,000.

"For the purpose of determining the feasibility of remodeling and

enlarging the present court house we have had plans prepared by architects skilled in such work, and we have become thoroughly satisfied in our own minds that the proper thing to do is to remodel and enlarge the present building, rather than build a new one.

"We now want to know what the people of the county think about it. The plans as drawn are on file in the office of the commissioners, and we invite every taxpayer and citizen of the county to call and examine the plans, and to freely express their opinions. We think we are right, but we want to know what the people think before we take final action.

"Our plan is to issue bonds to the amount of \$250,000, which we are confident we can sell at 4 per cent interest, or possibly a little better, and then beginning with the year 1915, redeem one-fifth of these bonds each year. This will entail an annual charge on the taxpayers of the county of approximately \$21,500 or 27 cents per thousand of tax valuation.

## Will Improve Appearance.

"The remodeling and enlarging of the court house, as planned, will result in economy in the up-keep of the building, and all public officials will be able to transact their business more satisfactorily and with more dispatch, and in some instances at considerably less cost. The appearance of the building will be much improved.

"But, the one great thing to be kept in mind and to be accomplished, while remodeling and providing the necessary additional room, is the making of the building fireproof, for the security of the title records of the county. The old saying, 'It is too late to lock the barn after the horse is stolen,' is a whole argument within itself. We still have our records, let us make them secure.

"By remodeling and enlarging the present building, without making it fireproof, we might save in the neighborhood of \$100,000, but we reason that in a matter so important as the protection of our title and other records cheapness of construction would be false economy.

"Again requesting that every citizen of the county who is interested in this matter come to the commissioners' office at his earliest convenience, with a view of acquainting himself with the plans for the proposed improvement, we remain, 'Obedient your servants,'

A. L. FRY,

S. H. ARNOLD,

A. L. FISHER,

County Commissioners."

## GUGGENHEIMS ARE STILL LITIGATING

Chicago, Jan. 27.—The motion that the proceedings of the divorce obtained in this city by Grace Brown Guggenheim from William Guggenheim, in 1901, be expunged from the records of the court was scheduled to be argued today before Judge Heard. To sustain the legality of a second marriage, as a result of which union he has a child, Guggenheim has made a determined fight to block the efforts of his wife to have the decree obtained by her set aside.

Although the plaintiff has remarried she contends that the divorce was illegal on the ground that she was not a resident of Illinois.

## ALL WERE RE-ELECTED

Allen County Fair Board Approved Work of Officials.

TWO NEW MEMBERS JOINED THE BOARD.

Secretary's Report Showed \$1,435 for This Next Year's Fair.

During the latter part of the afternoon last Saturday the Allen County Fair Board met in their annual organization meeting. The report that was made by the secretary, Mr. C. A. Graham, in which was set out the receipts and the debts of the past year, and the balance on hand with which the fair of 1913 can be financed was in all respects most encouraging.

According to this report, there is at the present time a balance on hand of over one thousand, four hundred and thirty-five dollars. This amount should serve as a very solid foundation for financing the next fair, which will be held on the sixteenth, seventeenth, eighteenth and nineteenth of next September.

At the meeting Saturday the stamp of approval was put upon the work of the officials for the past year, and to a man they were re-elected to succeed themselves for a second term. As the secretaryship stands for a term of three years, and as Mr. Graham was only elected to this office last year, the selection of secretary will not come up for two years yet.

During the meeting for organization there were two new directors received into membership, raising the total to seventeen. The new men were J. I. Hall of Shawnee township, and M. L. Roeder, of Bath township.

The present officers, who were elected for the coming year for second terms are John W. Shannahan, president, Daniel Harpster, vice president, C. A. Graham, secretary, and J. L. Heas, treasurer. The members are: Daniel Harpster, John Shannahan, J. L. Heath, C. C. Arnold, Harry Patterson, David H. Patterson, H. L. Williams, J. A. Mohr, J. B. Morris, O. Fraunfelder, D. Humphries, L. E. Miller, J. B. Sevens, I. J. Hall and M. L. Roeder.

## PARCEL POST SAVES MONEY

To the People of the Country Who Utilize the System.

NOT A HARDSHIP TO MAIL CARRIERS.

Senator Bourne Claims Half Million Saved in Two Weeks.

Washington, Jan. 27.—Not only has the parcel post saved the people of the United States in the first fifteen days of its existence more than a half million dollars, according to Senator Bourne, Jr., author of the law, but it has not proved a hardship to the overworked letter carrier. Senator Bourne today announced that reports from 45 leading cities of the country, which produce almost half of the postal revenues, showed that during the twelve working days between January 1 and 15 a total of 5,091,027 outgoing parcels were dispatched at a cost of \$395,256 or about 7.7 cents a parcel.

"Under the postage rates previously in force, one cent per ounce," said the senator, "the postage would have been an average of 18 and one-half cents per parcel or a total of \$942,394.99, thus showing a saving to shippers of \$547,508.12 on 12 days' business. It should also be remembered that the usual minimum charge of express companies is 25 cents per parcel, whereas the average charge on the parcel post packages was only 7.7 cents.
